

Coyote and the Sky: How the Sun, Moon, and Stars Began

Filesize: 6.51 MB

Reviews

This publication is fantastic. We have read through and i am certain that i will planning to read yet again yet again down the road. You wont feel monotony at at any time of your respective time (that's what catalogs are for concerning when you request me).

University of New Mexico Press. Hardback. Book Condition: new. BRAND NEW, Coyote and the Sky: How the Sun, Moon, and Stars Began, Emmett "Shkeme" Garcia, Victoria Pringle, According to Santa Ana Pueblo legend, the animals' spirit Leader created the sun, moon, and stars by using woven yucca mats and hot coals. He selected certain animals to climb from their homes in the Third World up to the Fourth World. The Squirrel, the Rabbit, and the Badger were all allowed to go. The Coyote, however, was forbidden to accompany them because he was always causing trouble and stealing food from the others. Regardless of what he was told, Coyote refused to stay in the Third World. He found a hiding place and waited for a chance to follow the animals to the Fourth World. When the other animals discovered Coyote, they summoned the Leader to the Fourth World to deal with him. Coyote's punishment is a lesson in what happens to animals, or people, when they refuse to obey instructions. Writing for the younger reader, Emmett 'Shkeme' Garcia, a member of the Santa Ana tribe, shares his Pueblo's story of the beginnings of the stars and constellations. Victoria Pringle's illustrations provide visual elements that enhance the action of the story. It is intended for all ages.
