### ***Reviews***

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.*

An address delivered at Heidelberg at the first general session of the sixty-second meeting of The Association of German Naturalists and Physicians, Sept. 18, 1889, By VICTOR MEYER. . TRANSLATED BY L. H. FKIEDHUKU. When, a short time ago, I was called upon to speak before you, I gladly and zealously approached the work, which such an occasion seemed to call forth. It seemed to me that it would be an effort worthy of this assemblage of scientific men to recall the permanent additions that chemistry has made in our day to the treasure of human knowledge and to enumerate the problems which seem to lie nearest us in the future, A science which, as such, is hardly older than the great European revolution, the centennial of which we witnessed a few months ago, and which in this short time has caused changes in our spiritual and material life hardly less than those of the political revolution, such a science, I have thought, may, without temerity boast of its achievements. And yet the chemist approaches such a task, with a certain hesitation, from which the astronomer, the physicist and the mathematician are free. Has it not been in our own day that the most prominent orator amongst German naturalists, one who astonishes us by the comprehensiveness of his knowledge, has adopted as his own Kants judgment on chemistry, namely that chemistry is a science, but not a science in the...
