### ***Reviews***

*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Red Deer Press, United States, 2008. Paperback. Book Condition: New. 190 x 135 mm. Language: English . Brand New Book. 2009 Rainbow List Nominee On Resource Link s Best of 2008 List Sometimes it s harder to kill than pod might think. I crouch in the dark, stare into the animal s shining eyes. It blinks right at me. It shakes in fear. Its thrumping furred chest quickens my own pulse. The thing wave-sends a sonic roll of pure emo: terror, disbelief, and a wee glimmer of hope. Rustle is a young scout in a tight-knit female warrior group of five. They re trained to be aggressive, quick thinking, obedient-though for what exact purpose they couldn t quite tell you. But somehow the group is falling apart now. The leader Shona turns out to be a traitor to them. Roku has disappeared. Rustle has failed to show her killing skills in a crucial test of courage, and is feeling quite separate from the others. Loo is a true warrior, ready and able for action of the most extreme kind, though Rustle s private yen for her has not dimmed. Solomon, the healer of the group, is a steady hand, but not even her stability can save them. So when their StarPod is transported to the Living Lab, they all know that it s time to make a run for it, or else they ll be unplugged - finished, dead. It takes a lot of wit and energy, but eventually they make it to the outside of the great mountain where they ve been raised and trained and programmed-and here for the first time they behold the big, big sky of the real world.
