Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

(Mr. Grant Stanton PhD)

KOUDUS: VOL. 1

Melrose Books. Paperback. Book Condition: new. BRAND NEW, Koudus: Vol. 1, Len Loullis, A challenging alternative to Sudoku. These puzzles use the letters A to I instead of numbers 1 to 9. For some reason to do with cognition, letters do not spring to the mind's eye as readily as figures - probably because the human brain is more used to seeing letters in groups that form words. You will find that a great deal more concentration and checking is required to solve them. A must for every puzzle fanatic.
